SUMMARY

Enthusiastic and detail-oriented fresher with a strong foundation in software development, testing, and data analysis/science. Hands-on experience through academic projects and internships in designing test cases, executing test scenarios, reporting defects, and analyzing data for meaningful insights. Knowledgeable in software development and testing life cycles, along with dashboard and report creation. A quick learner with strong problem-solving, adaptability, and teamwork skills, eager to contribute to dynamic projects and grow in a professional environment.

EDUCATION

Education	Institution / Board	Year	Percentage / Aggregate
BE in Information Technology	SGBA University	Aug 2021 - May 2025	89%
HSC (12th)	NJC of Science, Narkhed(Maharashtra State Board)	2021	83%
SSC (10th)	NPHS Narkhed (Maharashtra State Board)	2019	77%

TECHNICAL SKILLS

- **Programming:** Python
- **Database:** MySQL
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Software Testing:** Manual Testing
- **Testing Tools:** Jira, Postman
- **Testing Skills:** Manual Testing, Test Case Design, Test Execution, Bug Tracking, Functional Testing, Equivalence partitioning (EP), Boundary Value Analysis (BVA), Negative Testing
- **Visualization Tools:** Power BI, Microsoft Excel, Tableau
- **Core Skills:** Data Analysis, Data Cleaning, Dashboard Development, Data Interpretation
- **Version Control:** Git, GitHub

PROJECT

Text to Image, GIF, and Video Generator using AI

- Developed a user-friendly web application using React.js, HTML5, CSS3, and JS.
- Integrated the OpenAI API to convert user-entered text into images, animated GIFs, and short videos.

Visualization of Ola Cab Bookings (SQL, Power BI)

- Analyzed Ola Cab booking data using SQL for data cleaning, transformation, and insights extraction.
- Created interactive Power BI dashboards to visualize trends in rides, customers, and revenue.
- Delivered actionable insights through dynamic reports with filters, slicers, and drill-down features.

Amazon Login Page – Manual Testing Project (Tristha Global Internship)

- Designed and executed test cases for login and registration functionality.
- Validated input fields (name, mobile number, password) with positive and negative test scenarios.
- Verified navigation, input validation, and error message handling.
- Documented expected vs. actual results and reported defects to ensure reliability.

INTERNSHIP EXPERIENCE

Software Testing : Tristha Global Pvt. Ltd.

Jan 20, 2025 – Mar 5, 2025

- Gained hands-on experience in manual software testing processes.
- Assisted in identifying bugs and documenting test cases for various software modules.

Soft Skills: Problem-Solving, Teamwork, Critical Thinking, Adaptability, Time Management

Hobbies: Cooking, Traveling, Gaming (story-driven and strategy games)
